

alegro piccolo !

“Always the RHYTHM is given
to us to hear, see and FEEL
thanks to Mademoiselle Piccolo’s
many dances of EMOTION”

A story...

Mademoiselle Piccolo, flutist and pompon lover, comes on stage and gets ready to perform with a prestigious orchestra... But the other musicians don't show up... Be that as it may, Mademoiselle Piccolo, slim and clumsy, liberates her tongue and lets her whimsical dreams set the rhythm for her music and movements.

Then she decides to leave for Argentina, to dance a wild *paso doble* and slip into the jacket - and the role - of an orchestra conductor?

Nadia GUENET is a musician first and foremost.
With degrees in music and in language sciences, she teaches at a conservatory and plays in several ensembles (orchestras and chamber-music groups) in the Paris area, including the Colonne Orchestra, the RATP CE Orchestra and the Ad Novem ensemble.

An entertaining and educational show...

Allegro Piccolo ! is top-notch musical theatre that stimulates young audiences' artistic sensibilities.

The music flows in an answering echo to Mademoiselle Piccolo's dreams and emotions, carrying us from Europe to America across oceans and skies to meet some very unusual animals...

Des musiques...

The show is an introductory musical voyage through all kinds of works from the 18th to 20th centuries : classical (Bach, Prokofiev, Bizet, Ravel et al.), cabaret, show tunes (*I Wanna be Loved by You; New York, New York*), tango, paso-doble, jazz, theme songs from films and cartoons (*Harry Potter, Star Wars, Titanic and more*).

The music truly tells a story, at times carrying on a dialogue with a character, at others narrating a purely imaginary tale.
